

Art and Craft Grade 1

Topic Name : Self Portrait Drawing- Exploring identity through drawing and painting

Introduction:

This theme introduces children to the creative use of fingerprints in art. Students learn to express identity, relationships, and natural elements while developing fine motor skills. Activities encourage imagination, storytelling, and an understanding of basic shapes and colors.

Subject: Art & Craft

Subtopic name- Fingerprint Family Portrait

Objective: To express family relationships creatively and develop fine motor skills using fingerprint art.

Materials:-

Whitepaper, Washable paint, Black Marker

Steps to do:-

1. Have kids dip their fingers in different paint colors.
2. Press their fingerprints onto the paper to form small oval faces.
3. Once dry, use markers to add eyes, hair and names for each family member.

Objective: Express family relationships and develop fine motor skills using fingerprints.

Materials: White A4 sheets , Washable paints (multiple skin tones optional) , Black markers , Wipes or water bowls.
