

Mathematics Grade- 1

TEACHER TRAINING MANUAL – MATHS SESSION 1

 **Topic:** Counting and Number Recognition

 **Objective:**

Develop foundational understanding of numbers.

Enable students to:

1. Recognize numbers from 1 to 50.
2. Count objects accurately.
3. Match numbers with quantities.

Session Overview

Section	Details
Duration	60 minutes
Total Activities	5
Materials Needed	Flashcards, printed worksheets, crayons, pencils, eraser
Skills Developed	Number recognition, counting, sequencing, addition, visual-motor coordination

Learning Outcomes

By the end of this session, children will be able to:

Identify and recognize numbers from 1 to 50.

Count and match quantities with numerals.

Understand the concepts of before, after, and between numbers.

Add numbers to make 10.

Follow instructions and develop fine motor skills.

Detailed Teaching Guide

Activity 1: Fruit Tree Counting (20–30 min)

Objective: Count objects accurately and recognize numbers.

Instructions:

Show flashcards with trees containing different fruits.

Ask students to count fruits on each tree.

Let students write or say the number aloud.

Teacher Tips:

Use real or toy fruits for added engagement.

Pair students to encourage peer learning.

Activity 2: Butterfly Pairs (10 min)

Objective: Understand number combinations that make 10.

Instructions:

Give worksheets with butterflies in pairs.

Students find pairs that together make 10 butterflies.

Teacher Tips:

Use number cards for hands-on matching before worksheet.

Reinforce “number bonds of 10”.

Activity 3: Count and Join (10–15 min)

Objective: Match quantities with numbers and write them in words.

Instructions:

Students count the objects in images.

Circle the correct number from four options.

Write the number in words.

Teacher Tips: Guide with spelling if needed (one, two, etc.). Allow verbal counting first, then written.

Activity 4: Before & After Numbers (5–10 min)

Objective: Learn sequencing and ordering of numbers.

Instructions:

Provide number pairs with a blank in between.

Ask students to write the number that comes before or after.

Teacher Tips:

Use number line as a visual aid.

Ask students to jump forward/backward while standing on a floor number grid.

Activity 5: Hidden Numbers – Colour by Code (10–15 min)

Objective: Recognize numbers and follow color instructions.

Instructions:

Give images with hidden numbers (1–5).

Students identify the number and color according to the code.

Color Code:

1 – Red

2 – Blue

3 – Yellow

4 – Light Blue

5 – Light Green

Teacher Tips:

Explain color coding clearly before starting.

Encourage neat coloring and patience.

Materials Required

Flashcards with trees/fruits

Printed worksheets (butterflies, hidden number images)

Number chart (1–50)

Pencils, erasers

Crayons (Red, Blue, Yellow, Light Blue, Light Green)

Assessment Strategies

Observe counting accuracy during flashcard activity.

Check worksheet completion and understanding of “making 10”.

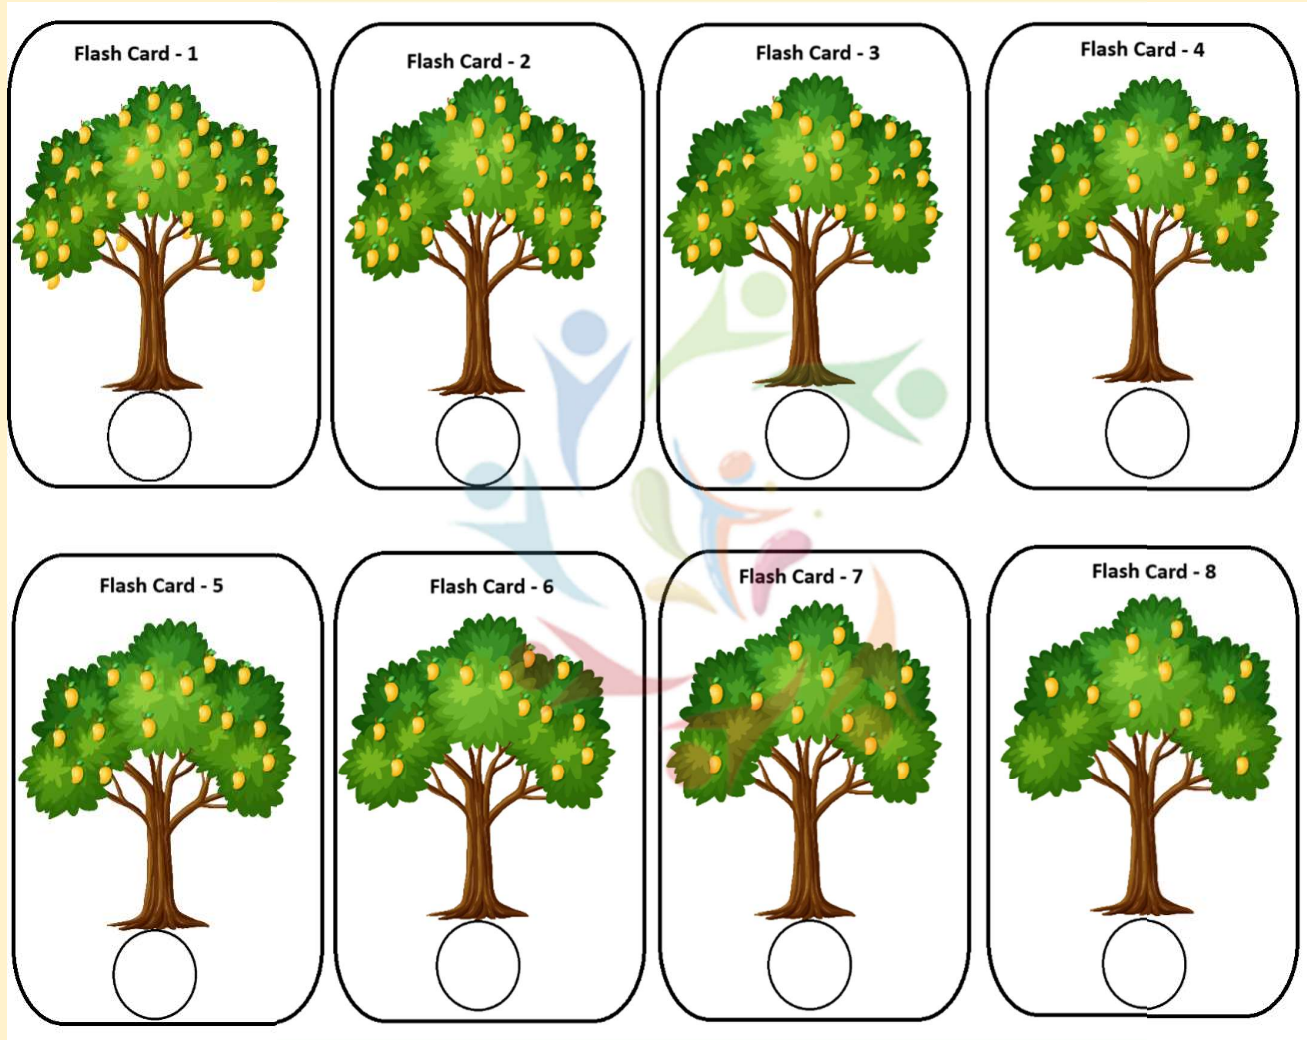

Evaluate correct writing of before/after numbers and number words.

Assess number recognition and coloring accuracy.

COUNTING AND NUMBER RECOGNITION

ACTIVITY - 1

Count the number of fruits of each tree given in the flash cards.

ACTIVITY - 2

Join the pairs of Butterflies that each resulting set makes a total of 10 Butterflies.

ACTIVITY - 3

COUNT AND JOIN

Count and circle the correct number with four choices work sheet
and write the number in words .

Cont	Circle	In words
	12 14 11 10	
	13 14 15 16	
	20 18 17 16	
	22 21 20 19	

ACTIVITY - 4

BEFORE AND AFTER NUMBER

Write the number that comes before and after.

ACTIVITY – 5

Fill the blanks with numbers :

Find the Hidden Number in the below given picture and colour them in given colour code

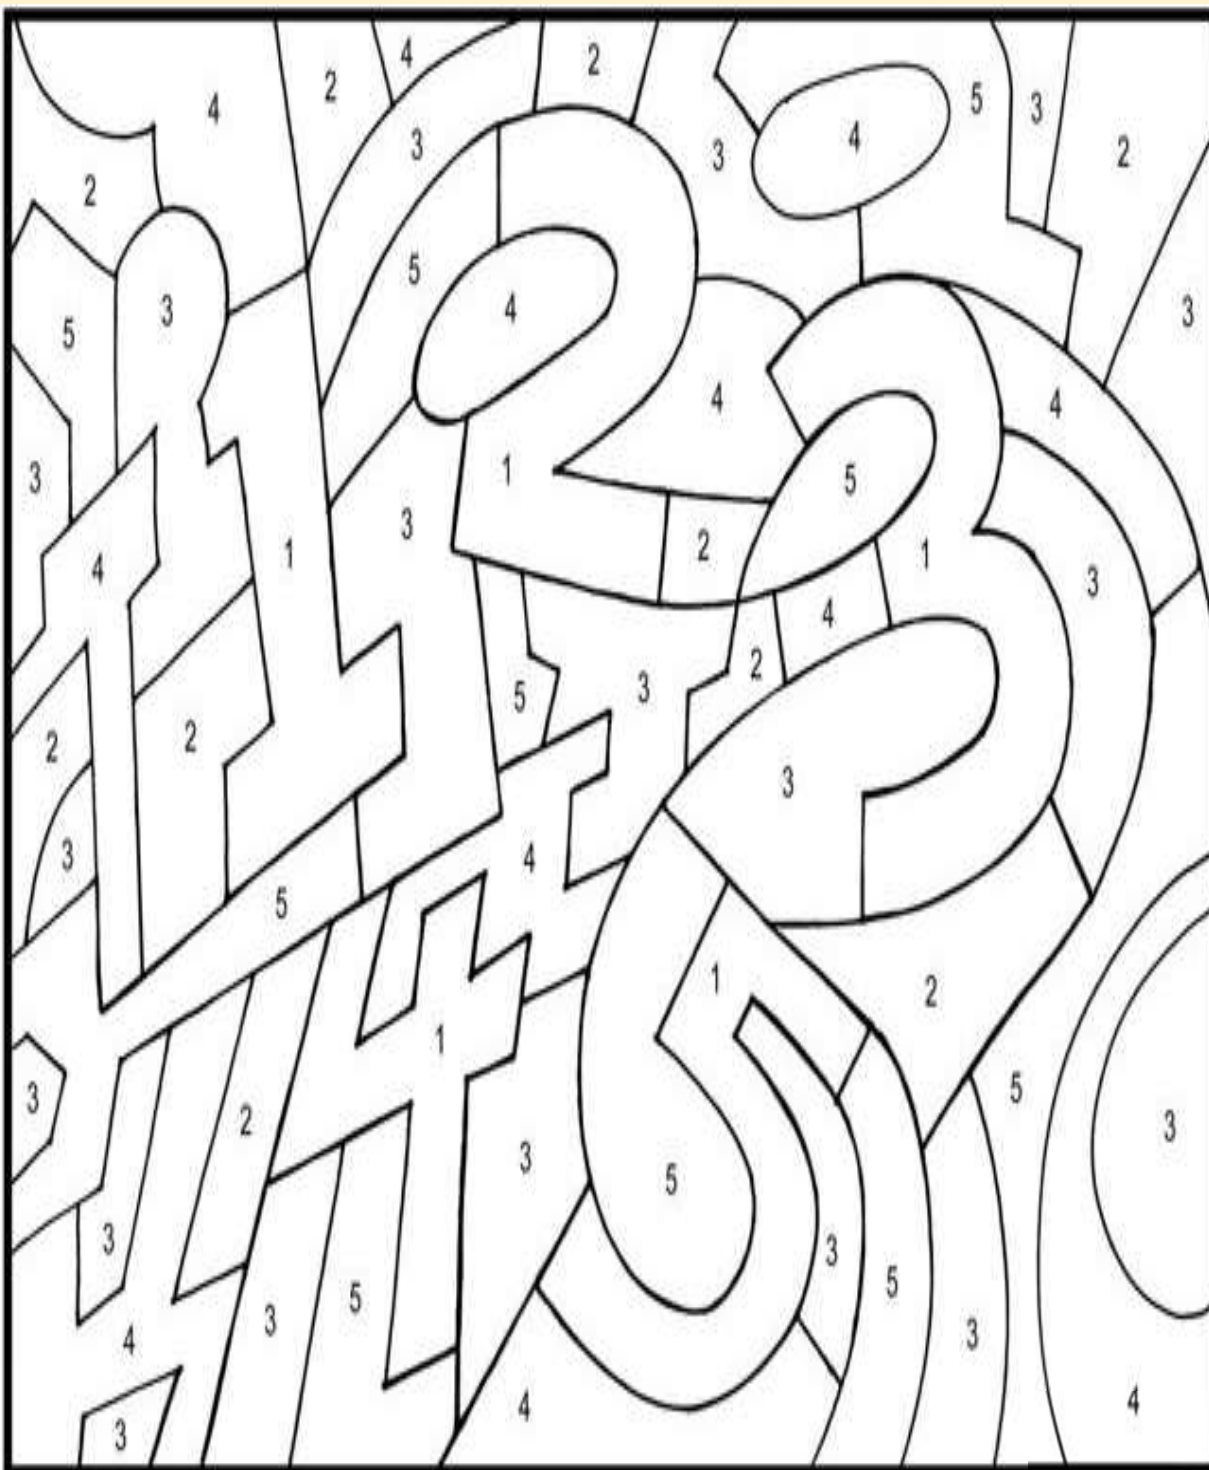

1 - Red

2 - Blue

3- Yellow

4 - Light Blue

5- Light Green

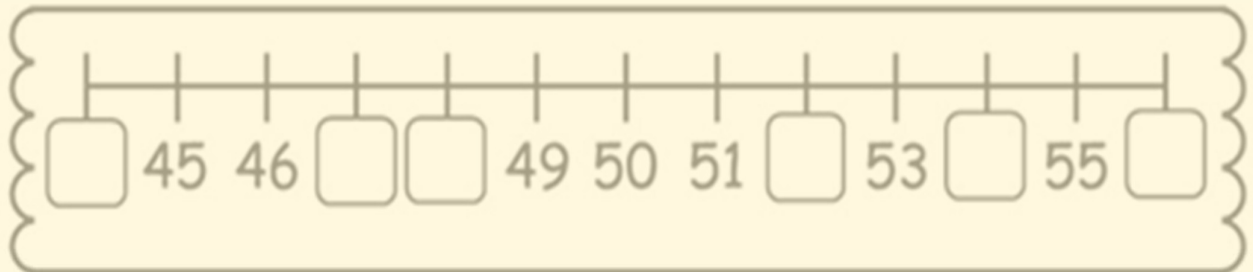

Fill in box with numbers

1	2	3	4		6	7	8	9	10
11	12	13	14	15	16	17		19	20
21		23	24	25		27	28	29	30
31	32	33		35	36	37	38	39	40
41	42	43	44		46	47	48		50
51		53	54	55	56	57	58	59	
61	62	63	64		66		68	69	70
	72	73		75	76	77	78		80
81	82		84	85		87		89	90
	92	93	94	95	96		98	99	

Missing Numbers on A Number line

Draw and color the picture according to numbers :
